Happy Spring from all of us at Schuylkill Memorial Park and Grabowski Funeral Home. The COVID-19 pandemic along with the abundance of snow made for another challenging year. As the snow finally begins to melt the real work will begin as we repair the winter damage and work on gravesites from the winter months. We will work diligently to get the grounds prepared for Easter as is always the goal but with a late start and early holiday we ask for your patience as we accomplish our numerous tasks.

As restrictions begin to soften, we are happy to be able to at least start the process of returning to "regular funeral services". This past year we have seen an increase in direct burials or cremations and are excited to be able to offer a full level of service to honor loved ones lost. If you need any information or guidance in planning funeral service during these times our professionals are available to help.

The recent uncertainty has led to an increase in pre-need funeral planning. Our families have grown to appreciate the comfort of having services pre-arranged in a world full of uncertainty. We have professionals available to walk you through the pre-planning process and explain all options and pre-funding methods. Attorney Shelby Hostetter is also on hand to offer guidance in Wills, Power of Attorneys, Living Wills, Trusts, and more. We are the only facility to be able to offer this extensive level of professionals operating in a variety of areas of expertise. Call us today to secure your wishes for the future.

We wish all our families a happy and healthy spring and hopefully a future without masks. If we can help you in any way, please call upon us at any time.

Kind Regards,

The Grabowski Family and staff
